MEMORANDUM FOR: Deputy Director (Plans)

ATTENTION : Chief, PP/PMD

SUBJECT : Contingency Force

REFERENCE : Your memorandum dated 30 Oct. 1959,
same subject

1. Attached are the names and general qualifications of officers assigned to OTR and/or the Training Career Service who are recommended for the CIA Contingency Force as requested by you in the referenced memorandum.

2. Tab A lists those officers assigned to OTR, without regard for career service affiliation, who have senior officer qualifications sufficient for the command and staff level of paramilitary operations. Tab B lists those officers assigned to OTR who are qualified below the senior officer level, again without regard to career service affiliation. Tab C lists support officers assigned to OTR by occupational title who may be qualified for Task Force duty. Tab D lists OTR Career Service designees who are assigned to other Agency components on rotational tours of duty. Most of these individuals are assigned overseas and would properly be members of the Reserve Force.

3. Also, I know that you will appreciate that whenever one of the attached listed instructors is selected for operational Task Force duty, then our capability in meeting Clandestine Services training requirements in the officer's specialty is accordingly diminished.

MATTHEW BAIRD
Director of Training
